To whom it may concern,

Hulme Upright have worked with Sneyd Building Contractors Ltd on many projects over the past 4 or 5 years ranging in value from £150k to £1.2m.

Generally the projects have been of refurbishment/extension type and undertaken in 'live', sensitive and quite restricted medical/healthcare environments requiring high levels of co-ordination, planning, client team liaison and careful site control.

All projects have been completed to a high standard with excellent attention to detail.

The management team at Sneyd is experienced, pro-active in their approach and committed to the task in hand.

The site team is always positive in their own approach paying particular attention to Health and Safety on site and developing strong communication and working relationships with the Design Team and Client Group.

I would have no hesitation in inviting Sneyd to tender for further projects.

Yours sincerely
Hulmeupright
